

GigE Interface Card

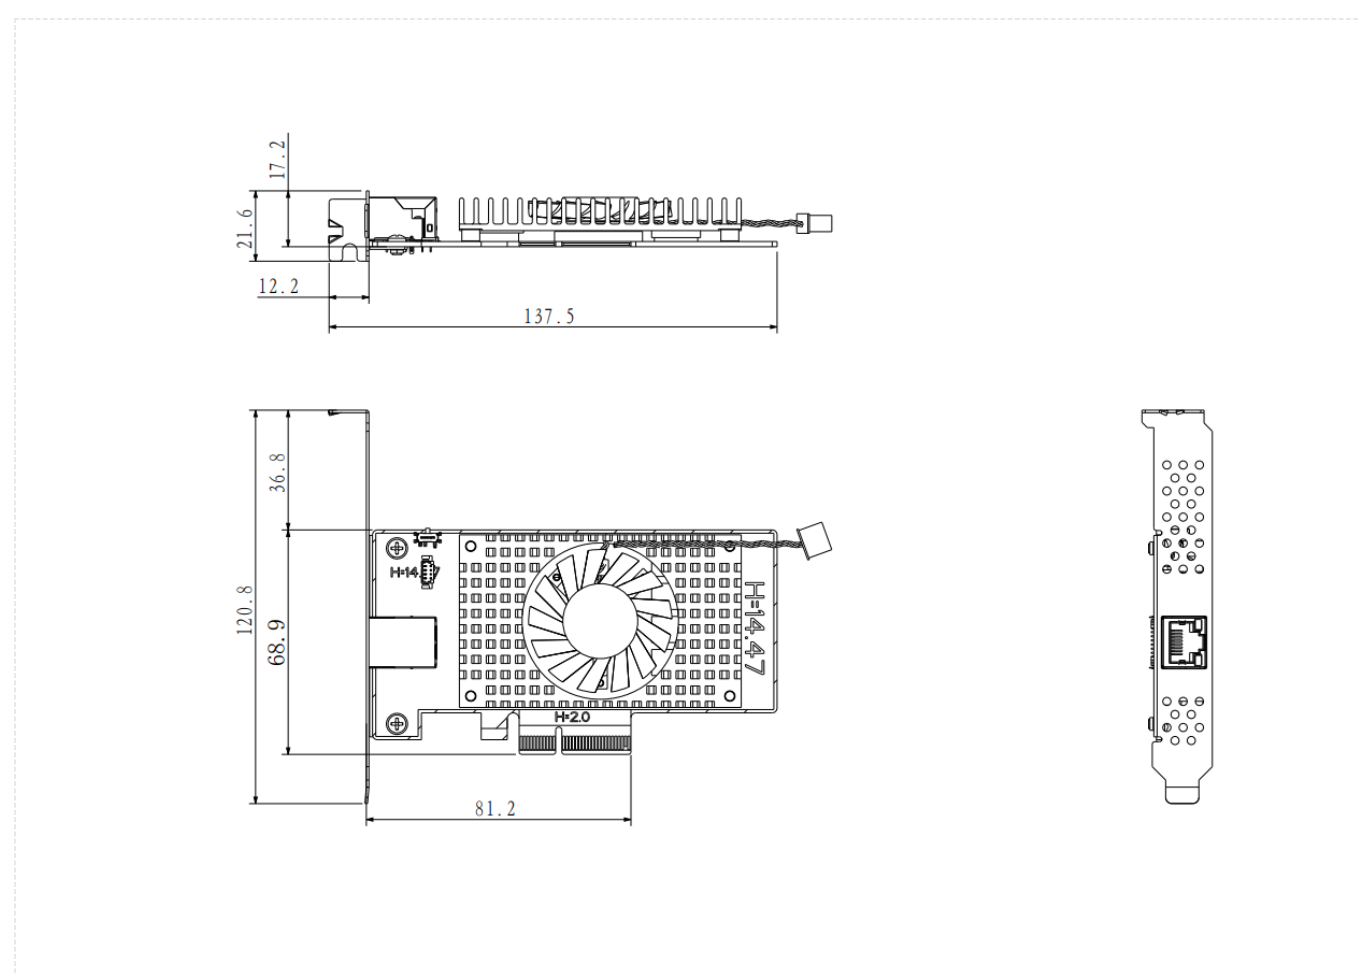

GT-7G10E

Features

- support One network interface, providing a maximum bandwidth of 10Gbps and a maximum transmission distance of 100m;
- Port status indicator, real-time feedback of network port status;
- Built-in data processing control chip to reduce CPU utilization;
- Conform to CE, KC;

Dimensions (mm)

Specification

Model		GT-7G10E
Basic	Type	10Gige Frame Grabber
	Model	GT-7G10E
	Number of Channels	1 channels
	Camera Compatibility	GigE industrial camera; 10GigE industrial camera
	Number of Cameras	Max 1 cameras
Software	Operating System	Windows7/10/11 64bits
Power	Power Supply	PCIE
	Power Consumption	9W
Structure	Product Dimensions	137.5mm×120.8mm×21.6mm
	Net Weight	0.35kg
Host interface	Host Bus Standard	PCIe Gen2 X4
Port	Interface	1×RJ45
	Transfer Rate	100Mbps; 1Gbps; 2.5Gbps; 10Gbps
Environment	Operating Temperature	0°C~50°C
	Storage Temperature	-20°C~70°C
	Operating Humidity	10%~90%RH, non-condensing
	Storage Humidity	10%~90%RH, non-condensing
